all the creative art psychotherapies art dance music drama poetry can trace their roots to c g jung s early work on active imagination joan chodorow here offers a collection of jung s writings on active imagination gathered together for the first time jung developed this concept between the years 1913 and 1916 following his break with freud during this time he was disoriented and experienced intense inner turmoil he suffered from lethargy and fears and his moods threatened to overwhelm him jung searched for a method to heal himself from within and finally decided to engage with the impulses and images of his unconscious it was through the rediscovery of the symbolic play of his childhood that jung was able to reconnect with his creative spirit in a 1925 seminar and again in his memoirs he tells the remarkable story of his experiments during this time that led to his self healing jung learned to develop an ongoing relationship with his lively creative spirit through the power of imagination

and fantasies he termed this therapeutic method active imagination this method is based on the natural healing function of the imagination and its many expressions chodorow clearly presents the texts and sets them in the proper context she also interweaves her discussion of jung s writings and ideas with contributions from jungian authors and artists

jungian analyst joan chodorow brings together a key selection of jung s writings on active imagination in her introduction she clearly explains jung s methods of achieving self knowledge and individuation

highly respected and used in the field s top programs current psychotherapies provides students of counseling psychology and social work with an authoritative treatment of the major systems of psychotherapy each contributor is either an originator or a leading proponent of one of the systems and each presents the basic principles of the system in a clear and straightforward manner discussing it in the context of the other systems

this fascinating new work presents the precious value of the special legacy of c g jung which he himself defined as active imagination through a collection of unpublished contributions by some of the brightest jungian analysts and renowned representatives from the world of art culture physics and neurosciences

these essays deal with four major themes the relationship between belief and unbelief the connection between religion and science the interpenetration of theology and spirituality and the nature and value of higher education within the catholic context themes that reflect the persistent quest to discern the presence and action of god within the multiple dimensions of human existence

bad boy best man natalie campbell type a personality dutiful daughter and manager of the family event planning business is organising her brother s wedding which is awkward since last summer she fell into bed with the best man
