from alaska to florida millions of immigrants and their supporters took to the streets across the united states to rally for immigrant rights in the spring of 2006 the scope and size of their protests rallies and boycotts made these the most significant events of political activism in the united states since the 1960s this accessibly written volume offers the first comprehensive analysis of this historic moment perfect for students and general

readers its essays written by a multidisciplinary group of scholars and grassroots organizers trace the evolution and legacy of the 2006 protest movement in engaging theoretically informed discussions the contributors cover topics including unions churches the media immigrant organizations and immigrant politics today one in eight u s residents was born outside the country but for many lack of citizenship makes political voice through the ballot box impossible this book helps us better understand how immigrants are making their voices heard in other ways

few issues are as complex and controversial as immigration in the united states the only thing anyone seems to agree on is that the system is broken mark amstutz offers a succinct overview and assessment of current immigration policy and argues for an approach to the complex immigration debate that is solidly grounded in christian political thought after analyzing key laws and institutions in the us immigration system amstutz examines how catholics evangelicals and main line protestants have used scripture to address social and political issues including immigration he critiques the ways in which many christians have approached immigration reform and offers concrete suggestions on how christian groups can offer a more credible political engagement with this urgent policy issue

we live in a period when more people are migrating from the countryside to the city from city to city and from country to country than at nearly anytime in human history at the same time we see sharp increases in wealth and income inequality these two trends fuel populist movements on both the left and right topping political agendas across the world untangling the political roots of immigration and inequality in the united states examines the causes consequences and politics of mass migration and growing inequality by investigating the case of the united states the quintessential immigrant nation while scholars policy makers and advocates have put forth a variety of explanations many misdiagnose the causes and put forward remedies that treat symptoms this book looks to the root causes of mass migration and intensifying inequality arguing that they are two sides of the same coin resulting from rapacious forms of capitalist accumulation and imperialist interventionism developing a broadly left analytic framework grounded in elements of marxist theory and political science two periods are examined 1870 1925 and 1970 2025 when the proportion of immigrants in the us peaked at 15 of the total population the us experienced steep inequality and political polarization immigration and inequality became contentious political issues that generated sharp conflict and immigrants and workers organized mass movements that advanced radical politics and transformative change this book contains a wealth of information and elevates valuable lessons for scholars policy makers and organizers interested in understanding these trends and forging equitable and just solutions today

shows that the advancement of immigrant rights in Houston has necessitated a diverse and at times unusual set of governmental and non governmental actors to collaborate and negotiate difficult compromises

due to heightened global migration and transnational mobility many residents of the world's cities lack national citizenship in the places to which they have moved for work refuge or retirement the disjuncture between citizenship and daily life has led to devolution of claims from national to urban space within nation states characterized by structured inequalities citizens have not reduced their social differences this leads increasingly to calls for greater direct involvement of marginalized classes in reshaping the institutions and spaces directly affecting their lives these concerns cities without citizenship and people without political power inform the agendas of organizations that seek to restructure urban citizenship in more democratic directions remaking urban citizenship focuses on the uses and limits of such political organizations and coalitions shows the various ways they pursue expanded rights within the city and describes the institutional changes necessary to empower global migrants and popular classes as urban citizens offering individual or comparative case studies of cities in the United States Europe and China contributions to this volume describe the development of actual practices of organizations working to reinvigorate citizenship at the urban scale collectively they locate institutional forms that help migrants lay claim to their cities show how migrants can become politically empowered and identify how they can expand their rights or find other ways to belong

the fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy
